

Ball Aerospace Honors 22 Employees for Excellence

Ball Aerospace awarded 22 employees for their outstanding performance at the business' annual Go Beyond® Excellence Awards Banquet

BOULDER, Colo., March 28, 2019 — Ball Aerospace has recognized 22 employees for outstanding contributions to the business and its customers – and for their commitment, dedication, collaboration and execution in 2018. The Ball Aerospace Go Beyond® Excellence Awards are presented annually to employees who are nominated by their peers.

“The Go Beyond® Excellence Awards are one of the top honors within our business,” said Rob Strain, president of Ball Aerospace. “Each recipient’s integrity, leadership and unwavering support of our customers’ missions embody Ball’s culture, and, thanks to these incredible efforts, Ball continues to build trust and deliver solid performance on behalf of our customers and our nation.”

In addition to honoring our employees with Excellence Awards, two prestigious awards were given: the Gabe Award, which recognizes the professional efforts of an individual who has enhanced the company's competitiveness while producing an exemplary body of work; and the Follett award, which recognizes continuous outstanding contributions in a technical engineering field.

This year’s award winners comprise the following recipients:

Gabe Award: Karen McConnell – Director, Engineering
Follett Award: Erik Wilkinson – Senior Staff Consultant
Phil Coppola – Senior Technical Specialist, Electrical
Jeremy Davis – Technical Specialist, Test
Jeanette Domber – Program Manager
Ken Eastman – Senior Project Engineer, Systems

Forward-Looking Statements

This release contains "forward-looking" statements concerning future events and financial performance. Words such as "expects," "anticipates," "estimates," "believes," "targets," "likely," "positions" and similar expressions

typically identify forward-looking statements, which are generally any statements other than statements of historical fact. Such statements are based on current expectations or views of the future and are subject to risks and uncertainties, which could cause actual results or events to differ materially from those expressed or implied. You should therefore not place undue reliance upon any forward-looking statements and any such statements should be read in conjunction with, and, qualified in their entirety by, the cautionary statements referenced below. The company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Key factors, risks and uncertainties that could cause actual outcomes and results to be different are summarized in filings with the Securities and Exchange Commission, including Exhibit 99 in our Form 10-K, which are available on our website and at www.sec.gov. Additional factors that might affect: a) our packaging segments include product demand fluctuations; availability/cost of raw materials and logistics; competitive packaging, pricing and substitution; changes in climate and weather; footprint adjustments and other manufacturing changes; failure to achieve synergies, productivity improvements or cost reductions; mandatory deposit or other restrictive packaging laws; customer and supplier consolidation, power and supply chain influence; changes in major customer or supplier contracts or a loss of a major customer or supplier; political instability and sanctions; currency controls; changes in foreign exchange or tax rates, including due to the effects of the 2017 U.S. Tax Cuts and Jobs Act; and tariffs, trade actions, or other governmental actions in any country affecting goods produced by us or in our supply chain, including imported raw materials, such as pursuant to section 232 of the U.S. Trade Expansion Act of 1962; b) our aerospace segment include funding, authorization, availability and returns of government and commercial contracts; and delays, extensions and technical uncertainties affecting segment contracts; c) the company as a whole include those listed plus: changes in senior management; regulatory action or issues including tax, environmental, health and workplace safety, including U.S. FDA and other actions or public concerns affecting products filled in our containers, or chemicals or substances used in raw materials or in the manufacturing process; technological developments and innovations; litigation; strikes; labor cost changes; rates of return on assets of the company's defined benefit retirement plans; pension changes; uncertainties surrounding geopolitical events and governmental policies both in the U.S. and in other countries, including the U.S. government elections, budget, sequestration and debt limit; reduced cash flow; interest rates affecting our debt; and successful or unsuccessful joint ventures, acquisitions and divestitures, including with respect to the Rexam PLC acquisition and its integration, or the associated divestiture; the effect of the acquisition or the divestiture on our business relationships, operating results and business generally.
