

Ball Aerospace Honors 26 Employees for their Excellence

BLL

BOULDER, Colo., March 26, 2018 — Ball Aerospace has recognized 26 employees for outstanding contributions to the business and its customers in the areas of administration and leadership, engineering, program management, technical support and strategic services. The Ball Excellence Awards are presented annually to employees who are selected by their peers.

“The Ball Aerospace Excellence awards celebrate the best part of our company – our people,” said Rob Strain, president of Ball Aerospace. “Their commitment and passion for the work that we do advances our momentum and contributes significantly to our customers’ missions.”

This year’s award winners comprise the following recipients.

- **Administrative Award** for excellence in maintaining daily operations:

Sheila Purvis

- **Engineering Awards** for excellence in engineering:

John Bowlick III, Chris Caldwell, Stefan Griebel, Rob Hohne, Steve Karcher, Carl Marvin, Emily McAnally, Mark McNally, Ashley Morris, David Ruppel, Cameron Stutheit and Greg Thanavaro

- **Management Award** for exemplary leadership, communications and interpersonal skills:

Michael Zinanti

- **Strategic Services Awards** for work in non-engineering or technical role:

Michelle Badger, John Kirar and Diane O’Connell

- **Program Management Awards** for excellence in leading program teams to meet cost and schedule requirements, achieving challenging technical performance requirements, demonstrating exceptional people leadership skills and establishing solid and positive relationships with customers.

Jeff Hollender, Matt Tysler and Lynne Vettel

- **Technical Support Awards** for excellence in turning ideas into products and meeting Ball’s commitments to its customers:

Michelle Foster, William Hess, Kevin Kerk and Steve Vallejo

- **Follett Award** for continuous outstanding contributions in an engineering technical field. This award is named for Bill Follett, a remarkably gifted engineer from the early days of Ball Brothers Research Corporation who always demonstrated a common-sense approach to programs.

Mike Pierce

- **Gabe Award** for outstanding professional efforts to enhance competitiveness while producing an exemplary body of work and personifying the best of Ball. This award is named for R.H. “Gabe” Gablehouse, president of Ball Aerospace from 1974-78 and 1980-85.

Forward-Looking Statements

This release contains "forward-looking" statements concerning future events and financial performance. Words such as "expects," "anticipates," "estimates," "believes," "targets," "likely" and similar expressions typically identify forward-looking statements, which are generally any statements other than statements of historical fact. Such statements are based on current expectations or views of the future and are subject to risks and uncertainties, which could cause actual results or events to differ materially from those expressed or implied. You should therefore not place undue reliance upon any forward-looking statements and any of such statements should be read in conjunction with, and, qualified in their entirety by, the cautionary statements referenced below. The company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Key factors, risks and uncertainties that could cause actual outcomes and results to be different are summarized in filings with the Securities and Exchange Commission, including Exhibit 99 in our Form 10-K, which are available on our website and at www.sec.gov. Additional factors that might affect: a) our packaging segments include product demand fluctuations; availability/cost of raw materials; competitive packaging, pricing and substitution; changes in climate and weather; competitive activity; failure to achieve synergies, productivity improvements or cost reductions; mandatory deposit or other restrictive packaging laws; customer and supplier consolidation, power and supply chain influence; changes in major customer or supplier contracts or a loss of a major customer or supplier; political instability and sanctions; currency controls; changes in foreign exchange or tax rates, including due to the effects of the 2017 U.S. Tax Cuts and Jobs Act; and tariffs on imported raw materials, including pursuant to section 232 of the U.S. Trade Expansion Act of 1962; b) our aerospace segment include funding, authorization, availability and returns of government and commercial contracts; and delays, extensions and technical uncertainties affecting segment contracts; c) the company as a whole include those listed plus: changes in senior management; regulatory action or issues including tax, environmental, health and workplace safety, including U.S. FDA and other actions or public concerns affecting products filled in our containers, or chemicals or substances used in raw materials or in the manufacturing process; technological developments and innovations; litigation; strikes; labor cost changes; rates of return on assets of the company's defined benefit retirement plans; pension changes; uncertainties surrounding geopolitical events and governmental policies both in the U.S. and in other countries, including the U.S. government elections, budget, sequestration and debt limit; reduced cash flow; ability to achieve cost-out initiatives and synergies; interest rates affecting our debt; and successful or unsuccessful acquisitions and divestitures, including with respect to the Rexam PLC acquisition and its integration, or the associated divestiture; the effect of the acquisition or the divestiture on our business relationships, operating results and business generally.
